## NEW PREPARE/ENRICH CUSTOMIZED VERSION

We are excited to announce that starting in early September we will be launching the new customized version of Prepare/Enrich material. You will find it easier to use and more comprehensive. The new version is completely online and the type of inventory the couple completes is automatically determined by the questions they answer at the beginning. You also have the option of predetermining whether they take a Protestant, non faith-based, Jewish or Catholic version of the inventory. Each couple then completes an inventory that is unique to their background. Once both partners have completed the inventory, an email is sent to you to check your account on our website where you will find your facilitators report, a couple report to give to the couple, and a workbook. You can download all these materials in print form or as email attachments. The new material summarizes the results and also has a stress assessment and a scope personality profile. The new version of Prepare/Enrich incorporates all of the feedback we have received over the past years, and more!

## NEW LOOK FOR WEBSITE

We are currently updating our website and will have more resources for you and the couples you work with. The new website address is [www.enrichcanada.ca](http://www.enrichcanada.ca).
